Grade 5

Survival is Important

You may think it is fun and games but it is not
If we don't help then people will die
I want it to stop now
Just image a world with no fighting, no dying
No soldiers dying wouldn't that be great
I can imagine that but I don't know about you
I think this dream is a dream of many other
People if this happen then my dream and
A dream of other people will come true
Survival to our rights
Our rights is what believe not what they
Believe because you don't have to
Be like your friend because
If you wanted to be cool and she doesn't
Go be cool
That might not be what you think
But to me survival is more important than friendship
I think if your friends aren't happy cause you
Are in the cool gang but
Homeless people don't have that not
Even water bottles to drink out of
I think we should have a house with
Bed in any kind and have dorms for
Homeless people and can be bunked
Get them jobs and they get free meals
Because they are special and pay for
Schooling in university or college
Whatever they choose then get job then
They will get house and be normal.

Grade 5

We Need to Survive

People need to survive,
Food, water, and other things,
Then some people start to dive,

Down to another place,
A place with no survival.

Surviving is extraordinary,
We need happiness and joy,
We might have to just be ordinary,

Down in another place,
A place with no survival.

That place is very bad,
It is not okay,
We might just get mad,

Down in the other place,
The place with no survival.

Grade 5

My Poem

Children need love.
Children need families.
Some might have toys.
Some have none.
But really all we need is love.
We might want this, we might want,
But really all we need is you.

By: Dylan D.
Grade 4

Our Right to Survival

K is for kids who don't have toys.
L is for Love for which everyone needs.
M is for moms who are poor.

Grade 5

Living Well
Rights to Survival

People need to be loved and cared for.
Even if you are mad or sad,
Still care for each other.

If you feel lifeless, or have no energy.
Don't give up, keep trying to do what you
think is right.

Don't let people tell what you know
is right that its wrong

Don't let people push you around
when you are trying to do what is right.

Kids have a right to live and do what they
think is right. Who cares how big you are or how small you
are, us kids all have a right.

I'm a kid, and I know what I'm talking about.

Grade 5

My Poem

Children are great,
Children are good, but some are bad,
Children are needed for the town of the future,
Children are nice and mean just because your mean doesn't tell your nothing,
Children need more respect,
Children are awesome,
Children are needed or the world will end,
Children need love and,
Children need care,
You need to love more children.

Grade 5

You and Me

Be friendly to people that can't see. I am here for you and me.
Don't be mad that you cannot see. Just be you and see the other side of me.
If I save you will you save me?

By: Nicolas G.
Grade 5

Living Well
Rights to Survival

People need love and care, survive and not die.
If you are mad or sad care, still care you are not dared.
Love one another and you will be loved too.
Don't get tricked or picked, it is your choice.
Stick up for yourself, don't be scared, just think and you will know.
Life is good, life is well,
Don't waste it, it's all some people have.

By: Tessa N.
Grade 4

LIFE

Love is the key to survival
I need food to eat
Fun and happy faces but some are very sad
Every child needs a home and food to eat with love and care
